

CURRICULUM VITAE

Eric S. Levenson

Department of Geography, University of Oregon
elevens2@uoregon.edu | ericsevenson.github.io

EDUCATION

- Expected 2025 **PhD in Geography, University of Oregon**
Advisor: Prof Sarah W. Cooley. Graduate affiliate of the Cryo-Hydro Observation Leaders Lab at Duke University Nicholas School of the Environment, Earth and Climate Sciences
- 2021 **MS in Geography, University of Oregon**
Advisor: Prof Mark Fonstad. Thesis: *Sources of coarse sediment grain-size variability along the upper Sandy River revealed using UAV remote sensing.*
- 2015 **BA in Environmental Science and Anthropology, Bowdoin College**
Sarah and James Bowdoin Scholar. Education Minor.

HONORS AND AWARDS

- 2023-2026 **NASA Future Investigator in Earth and Space Science and Technology (FINESST)** – Full funding to pursue a PhD focused on improving our capacity to observe changes to surface water from spaceborne instruments.
- 2024 **AGU Outstanding Student Paper Award** – Biogeosciences Division
- 2024 **AGU Outstanding Student Paper Award** – Hydrology Division
- 2024 **GSA Graduate Student Research Grant** – Recognition and funding in support of a field campaign to Alaska validating satellite observations.
- 2023 **Rippey Award, University of Oregon Department of Geography** – Support for computing costs associated with PhD work.
- 2021 **Rippey Award, University of Oregon Department of Geography** – Support for fieldwork on the Sandy River.
- 2015 **Riley Research Award, Bowdoin College of Anthropology** – Funded research on Maine’s boat building industry and its adaptations to environmental change.
- 2015 **Sarah and James Bowdoin Scholar, Bowdoin College**

Total Funding Awarded: \$156,394.00

PROFESSIONAL EXPERIENCE

2023-present NASA Graduate Student Fellow, University of Oregon, *Eugene, OR*
2021-2023 Graduate Research Assistant, University of Oregon, *Eugene, OR*
2023-2024 Instructor, Rios to Rivers Paddle Tribal Waters Program, *Klamath River Basin*
2019-2021 Graduate Teaching Assistant, University of Oregon, *Eugene, OR*
2016-2019 Math and Science Teacher, The Sage School, *Hailey, ID*
2019 Whitewater Kayaking Coach, Jackson Hole Youth Kayak Club
2015-2016 Mathematics Teaching Fellow, Maine Coast Semester, *Wiscasset, ME*
2013-2016 Trip Leader, Overland Summers, *Alaska, Switzerland, Colorado, New England*
2015 Admissions Interviewer, Bowdoin College, *Brunswick, ME*

PUBLICATIONS

In prep:

Levenson, E.S., S.W. Cooley. (in prep). The influence of snowmelt timing on the timing and magnitude of seasonal lake fluctuations across the Arctic.

Levenson, E.S. (in prep). Improving surface water storage estimates using a novel combination of optical remote sensing and Surface Water and Ocean Topography altimetry.

- Cooley, S.W., **E.S. Levenson,** Leveraging novel satellite technologies to better understand permafrost-surface water feedbacks. Invited Oral Presentation. 2022.
- Van Dusen, I., Cooley, S.W., **E.S. Levenson,** Assessing the Accuracy of Planet and Sentinel-2 Derived Water Maps through in situ GNSS Validation. Oral Presentation. 2022.
- Levenson, E.S.** Remotely sensed grain-size distributions at high resolutions and across large extents reveals that bar-scale position modulates grain-size response to channel width within the upper Sandy River, Oregon. *AGU Fall meeting*. Oral Presentation. 2021.
- Levenson, E.S.** Hyperscale sediment grain-size mapping and sorting in relation to channel morphology. *American Association of Geographers*. Poster Presentation. 2021.
- Levenson, E.S.** Methodological approaches to fluvial grain-size remote sensing. *Bretz Club Mini-Conference*. 2021.

INVITED SEMINARS

- 2025 **USGS Water Mission Area,** “Mapping Alaska’s Lakes and Ponds and Their Interactions with Permafrost”

2025 **Alaska Geospatial Council Hydrography Working Group**, “The Alaska Lake and Pond Occurrence Dataset, and novel SWOT applications for Alaska Hydrology”

SERVICE AND LEADERSHIP

2024-present SWOT River Science Working Group

2024-present SWOT Lakes and Wetlands Working Group

2022-2023 Graduate Representative to the UO Geography Diversity Committee

2022-2024 President, UO Chapter of the American Society for Photogrammetry and Remote Sensing

Swift Water Rescue, Wilderness First Responder, AIARE Level 1 Avalanche Certifications
